

SALAMI / SAUSAGE MAKING ORDER FORM & PRICE LIST 2018

WELCOME TO THE 2018 EDITION OF OUR SALAMI / SAUSAGE MAKING PRICE LIST.

Every year salami making seems to grow in popularity, it's great to see people of all ages & experience levels participating and we hope this only continues to grow.

We are happy to advise you that pricing on the majority of our products remains the same, in fact some items have actually come down in price. A few additions have been made to this years price list, our product range keeps on expanding so this is reflected in some extra items being listed, including a variety of smoking, curing & drying products that compliment our existing range and may inspire you to explore different ways to use all of your meat. We have great pride in our comprehensive product range and have continued to refine this on the back of customer feedback. As with last years price list it also doubles as an order form! Simply specify the quantities you require in the applicable field that is next to each item, you will then need to fill out your contact details and a pick up date which are located at the bottom of this cover page, a 10% deposit is required to secure your order. We encourage customers to utilise this service as a way of ensuring all stock is available when you need it.

All prices contained within this pricelist are inclusive of gst. Bulk buys are encouraged and in most cases will be subject to discounts. In the unlikely event of price rises by our suppliers we reserve the right to change our products prices at any time without further notice.
